Afternoon session: July 31, August 1, August 3 in the Blonia Park in Krakow

Learn from the past and act in the present – this is one of our key aims of the youth event and remembrance initiative.

Participation in this event gives great opportunities for young people from different backgrounds to be able to share and learn

from the history, from experts and academics and especially from each other. During the youth event the facts from the past will be explored, as well as the present challenges and dangers in Europe will be discussed and debated. We want to strengthen young people in their engagement to be active citizens and to become the agents of change in their communities. 50-70 youth organizations from 20 countries will take part in the event! This is a fantastic opportunity offering time for both social and professional networking activities, including a public market of initiatives and organizations, as well as space for sharing and learning in workshops.

The public program in Blonia Park includes:

1. **The Market of Youth Initiatives**
2. **The Social Forum of the Roma Youth Movement: Debate & Reflection Space**
3. **The Action Space**
4. **The Exhibition Space**
5. **Living Library and Café**
6. **Film Festival**
7. **Online Space and Action**
8. **Cultural Festival**
